

FREE VIRTUAL PROGRAM

Selecting and Implementing the Global Malnutrition Composite Score

LEARN

All about the Global Malnutrition Composite Score and its implications in Quality Care

EMPOWER

Yourself and others to support the implementation of the Global Malnutrition Composite Score

LEAD

Malnutrition initiatives and programs to improve health equity and quality of care

ABOUT THE PROGRAM:

- For Acute Care RDNs, NDTRs, and others interested in addressing malnutrition in acute care.
- Free 4.5 hours virtual program (CPEUs may be available for CDR Credentialed Practitioners)
- Includes: breakout sessions and live support from the CDR Quality Team and measure experts.

YOU WILL LEAVE THE PROGRAM WITH:

- A working understanding of the GMCS.
- An organization specific action plan.
- The opportunity to get answers from a panel of experts.
- Information and guidance on interoperability and EHR implementation.
- A network of credentialed practitioners in different levels of implementation.
- For more information, reach out to quality@eatright.org
