\*Beverage breaks are included. Meals are not included.

**30 hours of pre-work is required to be completed by May 6, 2020.**

**14 CPE hours will be provided for the face-to-face collaborative learning session.**

**Total of 44 CPE hours have been awarded for this certificate of training program.**

**Note:** This is a certificate of training program, not a certification program. Please refer to page 3 of this brochure for a definition of a certificate program. This certificate program is only open to Active, Student, International Student, and Retired category members of the Academy of Nutrition and Dietetics and CDR credentialed practitioners—RDN™ and NDTR™. Program registrations will not be processed until these requirements have been verified.

**Transfer/Cancellation Policy:** A \$75.00 administrative processing fee will be applied to all transfers and cancellations. All requests for cancellation or transfer should be submitted in writing to [Weightmgmt@eatright.org](mailto:Weightmgmt@eatright.org). An additional fee may apply if the pre-work materials and pre-test have been completed.

**\*Program Cancellation Note:** Please note that this program may be cancelled due to low program registration. The decision to cancel will be made by April 1, 2020. We recommend that you do not make flight or hotel\* arrangements until after this date to prevent personal financial loss due to non-refundable flight and hotel costs. In the event of program cancellation, any expenses incurred by registrants or prospective participants shall not be the responsibility of CDR. \*This does not apply to the hotel room block contracted by CDR with the on-site program hotel.

## Program Type

The Certificate of Training in Obesity Interventions for Adults program is a training program, not a certification program. Upon completion of the program, a participant is not awarded a designation or credential. Please note individuals who complete the certificate of training are not certified. The term certification should only be used when referencing the completion of a certification examination such as the Registration Examination for Dietitians. Definitions of a certificate program and a certification program are:

### Certificate Program:

A certificate program is an intensive training program with a component that assesses the participant. Upon completion of the program, participants receive a certificate attesting to the attainment of a new knowledge/skill set (e.g., Academy/CDR Certificate Program in Obesity Interventions for Adults). Unlike a certification program, participants do not receive a professional designation. Individuals completing a Certificate program receive CPEUs for training and assessment time regardless of whether they pass the post-course assessment and receive the certificate.

### Certification Program:

A process, often voluntary, by which individuals who have demonstrated the level of knowledge and skill required in the profession, occupation, role, or skill are identified to the public and other stakeholders.
